

ModuMath Utilization Summary

Each of the Wisconsin Technical Colleges have at least two sets of ModuMath Basic Math and ModuMath Algebra Multimedia Video Courses. The colleges use the ModuMath courses on campus, as well as at job centers, jails, and worksite locations. ModuMath is used in GOAL, GED, ABE, apprenticeship, and adult high school programs. Shown below are the sites where ModuMath is available in Wisconsin. If we have missed a site or included a site where ModuMath is not available, contact Annette Czarnecki at 608-849-2424 or czaram@modumath.org. This summary will be updated on our website at modumath.org. * Denotes the administrative contact for ModuMath
